To Whom It May Concern:

I am pleased to recommend Noacon, Inc. as a general contractor. We have had the opportunity to work with them on several projects over the past few years ranging in size from less than a million to several million dollars. We appreciate their sensitivity to budget demands while maintaining the intent of the architectural design. They have proven to be a very capable contracting firm that has been flexible and agreeable, willing to give extra effort to complete projects on budget and in a timely manner. We are very selective about our recommended bidders list because the performance of a contractor reflects on our reputation as well. I am pleased to say that Noacon has been and will remain on our preferred list.

Sincerely,
